

7.2 Best practices

7.2.1 Describe at least two institutional best practices (As per NAAC format)

Response:-

Best Practice I –

Title of the practice

“Kairee Panhe distribution stall in Ramnavmi shobha yatra”

Objectives

1. To motivate the students to work for communities
2. To motivate the students to learn social values.
3. To motivate the students to learn social harmony
4. To inculcate religious and ethical values
5. To inspire their participation in the community services
6. To impart moral values in the students

The Context

After completing education till higher education secondary when students join program like B.A., B.Com they are not having any particular skills which can empower them for a job or self-employment. Knowledge about social services having the community, social values and virtues and all types of religions, customs, traditions and values. If they participated in such programs they can learn so many things. After learning all these things students can practice it in their own life and they can become ideal citizen of India and can contribute to strengthen the nation.

The Practices

The NSS program officer takes initiative regarding this with the help of NSS volunteers and all other staff members including principal. The activity could be done by some other person in the community nearby the college help in this activity.

Ramnavami Shobhayatra is being organized since last so many years. Shobhayatra passes by the college. So many stalls are organized on the road side where from the Shobhayatra Passes. We organize “Kairee Panha” stall in front of the college gate. Many people are engage in the Shobhayatra in doing some work like pulling the religiously decorated carts, driving the vehicles, holding lamp post and some people dance in the role of religious figure. They got tired while doing all these activities. So they required energetic juice, hence we provide them Kairee Panha and water to get energy.

Evidences of Success

The organizer of Shobhayatra "Poddareshwar Ram Mandir Sanstha" gives the college honorable signs, like certificates and some mementoes for the participation. All the students and teachers participants also get participation certificate. .

Problems Encountered and Resources Required

There is no problem at all in organizing the evidence. The main resources in the activity are money and man power. The institution collects money from every staff members. They can contribute the amount as per their wish. NSS department of the institution also provide fund for the activity. Manpower is also required for the success of the programme. All the teaching and non-teaching staff members actively participate in the activity. Some other people of the community also help us a lot. The students also devote entire day and night for the preparation and distribution of 'Kairee Panha'. Thus activity of 'Kairee Panha' distribution on the auspicious occasion of Ram Navami is done by the institution with the help of principal, teaching, non-teaching staff, students and some people from local community who are really interested in the activity.

Best Practice II –

Titel of of the practice:-

"Students' visit to Legislature."

Objectives:-

This best practice aims to obtain political awareness in the students. In this regards following are the objective –

1. To know the duty of people representative
2. To know the functioning of the government
3. To know the functioning of the legislative process.
4. To know how to pass the bills in vidhansabha i.e. legislative assembly and vidhanparishad i.e. legislative council
5. To know the constitutional instruments use by the MLAS and MLCs
6. To know the function and role of the opposition members
7. To make them aware how people's representative act in the house to protect citizen's right and to solve people's problems.

The Context:-

As per Nagpur agreement at the time of formation of integrated Maharashtra, decision was taken that, the winter session of Maharashtra Legislature should held at Nagpur since then every year in the month of December winter session of Maharashtra Legislature held at Nagpur as there is huge building of a Legislature and other infrastructure. So the students can visit the Legislature in the month of December.

The Practice:-

The head of the Political Science department organizes this practice since last 20 years. Every year professor prepared a list of B.A. 1st year, B.A. 2nd year and B.A. 3rd year. While preparing the list the selection is done on the basis of their performance in the class because we cannot allow all the students to visit Legislature. The college send the list of students to the Legislature. The Legislature send a letter to the college to convey particular date on which student can visit to Legislature. Legislature allowed the students only for one hour to visit Legislative assembly and one hour for Legislative council. The authorities of the Legislature give the entry passes on same day on which the date is confirm. The organizing faculties have to collect the entry passes before one hour on sheduled date. After getting the pass all the students are allow to get inside the Legislature through security check. The students seat for one hour in legislative assembly and legislative council respectively. They observe the functioning and proceeding of the house which they learn theoretically. With this activity the students can understand the functioning of the legislature, Government, Roll of MLA, MLC and opposition party. They can develop their knowledge regarding political process, social problems and its consequences in future. With this knowledge the students can perform efficiently in any sector while performing in any responsible position. This activity is highly helpful to them in future performance. Some students can get inspiration from politicians and they also take decision to join politics and contest the Election. This activity helps them to develop their personality. Thus this is one of the unique activities of the college, which develop overall personality of those who participate in the activity.

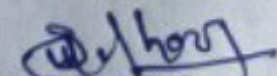

Evidence of Success:-

The evidences of success of this activity is as under-

1. Correspondence letter to the Legislature with the students list
2. Approval letter of principal secretary of Maharashtra Legislature.
3. Students got prominent position in the society
4. Some students become politicians

Problems encountered and Resources required –

Main Problems is the house can be adjourned some time on any burning issue or any disputed matter. At that time the students could not see the house proceeding and functioning of government, opposition and the role of representative. Another problem is that the security force is deploying with the students full time. They remained attend with the students at outside the gate to which the student entered in the house. They sometime take out the students from house before time and disturb them to seat and observe the house functioning. This found many time.

Activity:- Maharashtra State Legislature Student Visit

Winter session of State Legislature conducted every year in Nagpur. This is running since, Joint Maharashtra is created. Political Science students are studying the Political System Legislative process, Law making process, election procedure of Members of Legislative Assembly and Legislative council, How to form Government duties of M.L.A. and M.L.C., political parties' functions, performance of Government and the people's representative. All these things they are studying in the Political Science subject. If the students get chance to seat in both the Houses of the Legislature and get chance to watch directly with their functions and procedure of the house, then they can understand the subject deeply and achieve much knowledge of the subject. With this great vision the department of Political Science is organising the students visit to the Legislative every year since last **twenty years**.

Last visit was held in Winter Assembly Session 2018. In 2019 the visit not held, because the Maharashtra Legislative Assembly election was held in October 2019. In this election BJP and Shivsena contest jointly. After the result come out of election the BJP won more seats than Shivsena, even then the Shivsena demanded C.M. post, on this issue dispute created between two parties and finally the Shivsena broken the alliance with BJP and formed Mahavikas Aghadi with Congress and Nationalist Congress party. In this process, winter legislative session period passed, so it is not held in the Nagpur and student Legislative visit could not be organised. In the year 2020 and 2021 due to covid-19 pandemic, Legislative winter session not held in Nagpur. In 2022 winter session held in Nagpur, but from November 2021 the head of the department of Political Science became officiating Principal. So he holds Administrative responsibility. That's why he could not be able to organise Legislative student visit activity. In the next session, responsibility of this activity will be given to other faculty member and efforts will be taken to continue this activity.

Hence 2018 Assembly visit documents are submitting which cover in the Assessment period. Previous documents are available in the department file.
